

KANSAS WEEKLY MARKET RECAP

Recap For Week Ending

August 8, 2025

Receipts: This Week: 8,020 Week Ago: 5,633 Year Ago: 8,459

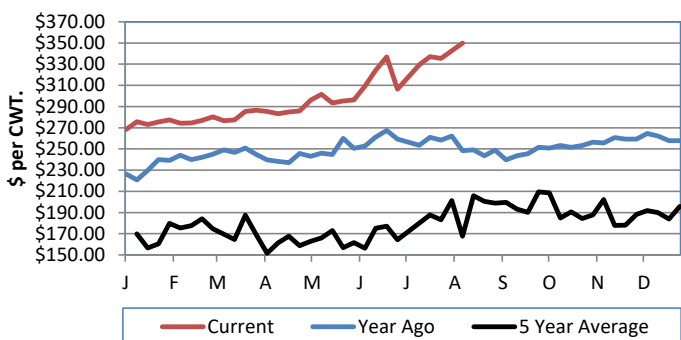

Compared to last week, steer and heifer calves not well tested, however sharply higher undertone noted. Yearling steers and heifers sold 7.00 to 15.00 higher. Demand was good on light to moderate supply. Slaughter cows and bulls sold steady to 3.00 higher. In the feedlot trade, negotiated live sales in Kansas sold steady to 1.00 lower at mostly 235.00, very few early at 237.00. In the hay market, demand was light, trade was slow to moderate, and prices were steady. Rain across the state continues to hamper hay harvest, but many are thankful for the rain, as it has saved their corn and sudan. Overall, most report that second cut was good to very good and yield was slightly above average. Sentiment remains that there will be plenty of grinding hay available.
