Instructions for Use Based on Report Type

Please note that these examples were generated using either the Microsoft Edge or Google Chrome browser. If a report doesn't appear as expected, you should try changing the browser that you are using.

A. For the list [By Location](#):

This is what you will see when you visit this site.

The screenshot shows a web interface with search filters for 'Country: United States, Canada' and 'Location: All Locations'. A 'View Report' button is visible. Below the filters, the USDA logo and name are displayed. The main heading reads 'Companies that Meet USDA GAP&GHP Acceptance Criteria'. To the right, it says 'Location Categories: United States, Canada' and 'Locations: All Locations'.

The following table shows companies that have been audited by the USDA Agricultural Marketing Service, Fruit and Vegetable Programs for the audit type, audit scopes, and commodities listed below and have successfully demonstrated an acceptable level of adherence to the audit standard being audited. The audit results are valid for one (1) year from the date shown, and are validated through the use of unannounced audit(s) throughout the growing/packing season.
